**Himmler's Secret War** Martin A. Allen, 2005 With a combination of personal interviews including several with leading Nazis and with Himmler's daughter Gudrun Burwitz and the use of previously unseen documents Allen presents the whole Nazi high command in a fresh light demonstrating how Hitler was often manipulated and sometimes sidelined But perhaps of equal interest is the inside story of secret operations conducted by the Political Warfare Executive empowered by Churchill to fight a war with weapons of destabilisation and misinformation in support of the oven military campaigns Allen portrays Himmler's ever more desperate efforts to secretly negotiate his political survival with the Allies as Hitler's war machine collapses This book has one more revelation to make as Allen rewrites history with his account of the true circumstances of Himmler's dramatic death **BOOK JACKET**

**The Victoria Climbié Inquiry** Great Britain. Department of Health, Lord Laming, Great Britain. Home Office, 2003-01-01 This is the official report of the independent inquiry into the events leading up to the death of Victoria Climbié an eight year old child who died in hospital in February 2000 of injuries sustained after months of abuse The report by Lord Laming finds that the death represents a gross failure of the system of public agencies involved to protect vulnerable children from deliberate harm and this failure is primarily due to widespread organisational malaise The agencies involved were under funded inadequately staffed and often showed a lack of even basic good practice However the key issue is one of lack of leadership and accountability shown by senior level management of the agencies involved rather than just a structural or staffing problem The legislative framework for child protection is judged to be basically sound the problem lies more with its implementation The report contains 108 recommendations for fundamental changes to the way social care healthcare and police child protection services are organised and managed at national and local level in England in order to establish a clear line of accountability in the provision of services for vulnerable children and the support of families These include i the creation of a Children and Families Board within the government to be chaired by a minister of Cabinet rank ii the creation of a National Agency for Children and Families with responsibility to advise the Board on policies that affect the well being of children and families and the discretion to conduct serious case reviews and iii the creation of a Management Board and a Committee at local authority level involving senior management representatives Other recommendations relate to improvements in the exchange of information within and between agencies the feasibility of a national children's database to record any contact a child has with any key protection service service funding issues staff training and supervision

Decriminalising Abortion in the UK Sheldon, Sally, Wellings, Kaye, 2020-03-23 Available Open Access under CC BY NC licence The public and parliamentary debate about UK abortion law reform is often diverted away from key moral and political questions by disputes regarding basic questions of fact And all too often claims of scientific fact are ideologically driven But what effect would decriminalisation be likely to have on women s health What would be the impact on the incidence of abortions Would decriminalisation equate to deregulation sweeping away necessary restrictions on dangerous or malicious conduct With each chapter written by leading experts in the fields of medicine law reproductive health and social science this book offers a concise and authoritative account of the evidence regarding the likely impact of decriminalisation of abortion in the UK

*Black Dahlia* James Ellroy, 2011-10-31 Los Angeles 15th January 1947 A beautiful young woman walks into the night and meets a horrific destiny Five days later her tortured body is found drained of blood and cut in half The newspapers call her The Black Dahlia For two cops what begins as an investigation becomes a hellish journey that takes them to the core of the dead girl's twisted life And soon professional curiosity spirals into obsession \_\_\_\_\_ A mesmerising study of the psychosexual obsession extraordinarily well written The Times The outstanding crime writer of his generation The Independent A wonderful tale of ambition insanity passion and deceit Publishers Weekly *Overdosed America* John Abramson, 2004-09-21 The untold crisis in American medicine with side effects that may be hazardous to your health We all know that health care and prescription drug costs are skyrocketing but few doubt the excellence of American medicine John Abramson M D an award winning family doctor on the clinical faculty at Harvard Medical School reveals in the same clear language that he used with his patients how the corporate takeover of clinical research and medical practice is compromising Americans health You and your doctor will be stunned by his findings For twenty years Dr Abramson cared for patients of all ages in a small town north of Boston But increasingly his role as family doctor was undermined as pressure mounted to use the latest drugs and high tech solutions for nearly every problem Drawing on his background in statistics and health policy research he began to investigate the radical changes that were quietly taking place in American medicine At the heart of the crisis he found lies the changed purpose of medical knowledge from seeking to optimize health to searching for the greatest profits The lack of transparency that has become normal in commercially sponsored medical research now taints the scientific evidence published in even our most prestigious medical journals And unlike the recent scandals in other industries that robbed Americans of money and jobs this one is undermining our health The hormone replacement debacle it turns out is not an isolated case The same kind of commercial distortion now pervades the information that doctors rely upon to guide the prevention and treatment of common health problems from heart disease to stroke osteoporosis diabetes and osteoarthritis The good news as Dr Abramson explains is that the real scientific evidence shows that many of the things that you can do to protect and preserve your own health are far more effective than what the drug companies top selling products can do for you which is why the drug companies work so hard to keep this information under wraps In what is sure to be one of the most important and eye opening books you or your doctor will ever read John Abramson offers conclusive evidence that American medicine has broken its promise to best improve our health and is squandering more than 500 billion each year in the process Isn't it time to learn the facts discuss these issues with your doctor and reclaim the good health and medical care that all Americans deserve *Sometimes I Lie* Alice Feeney, 2018-03-13 ALICE FEENEYS NEW YORK TIMES AND INTERNATIONAL BESTSELLER Boldly plotted tightly knotted a provocative true or false thriller that deepens and darkens to its ink black finale Marvelous AJ Finn author of *The Woman in the Window* My name is Amber Reynolds There are three things you should know about me 1 I'm in a coma 2 My husband doesn't love me anymore 3 Sometimes I lie Amber wakes up
